

# Shapes in the Capitol

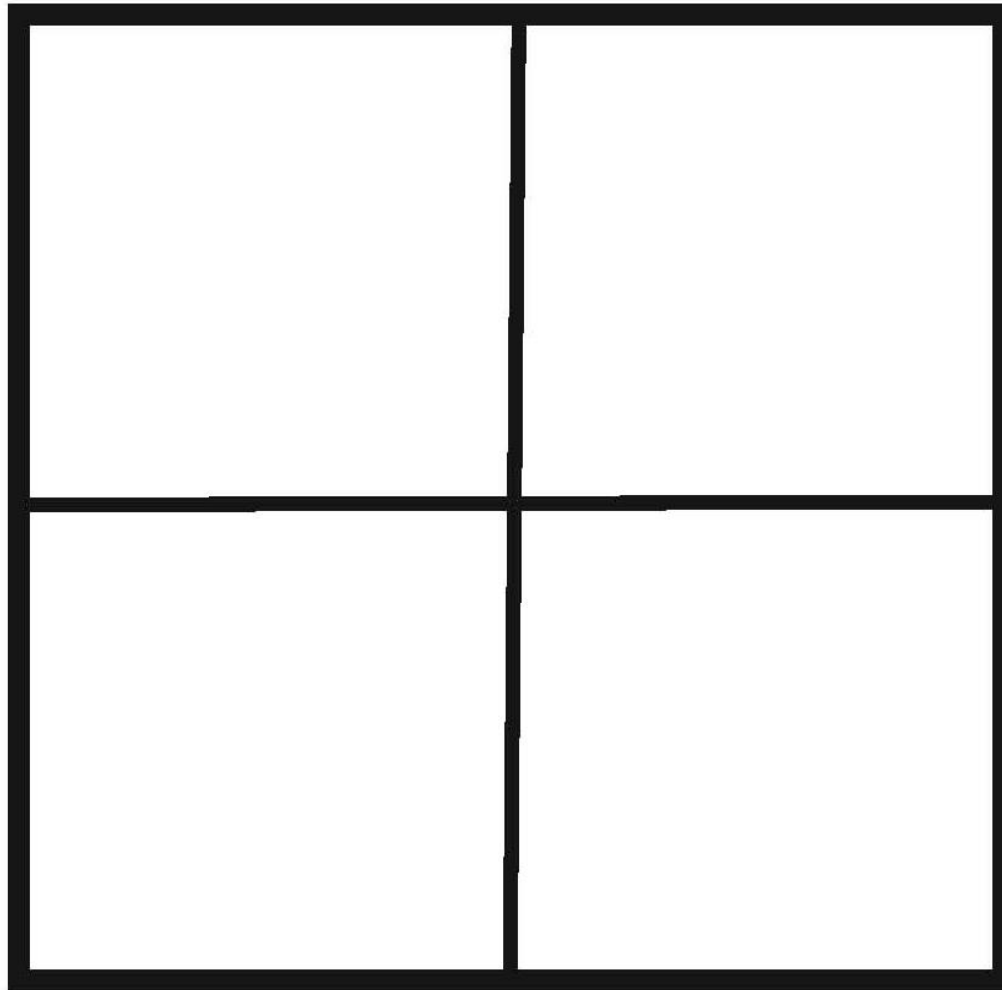

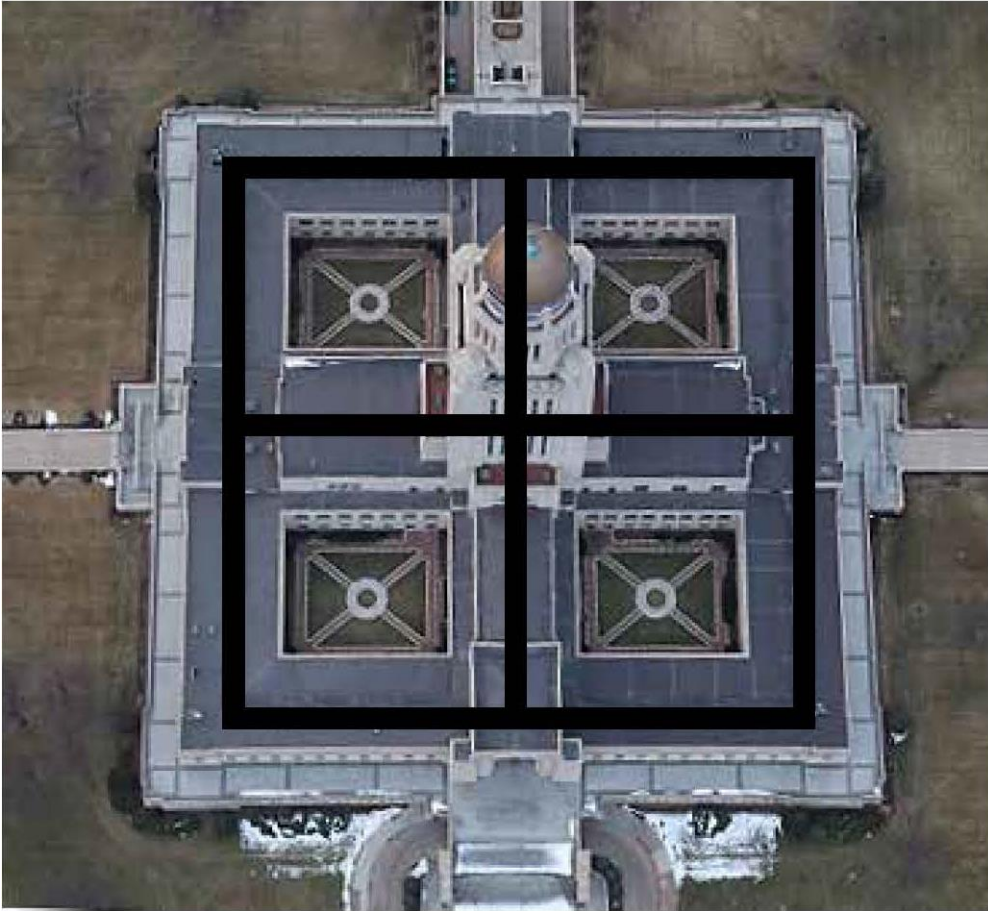

The Capitol and a floor mosaic in the Capitol are square shapes.

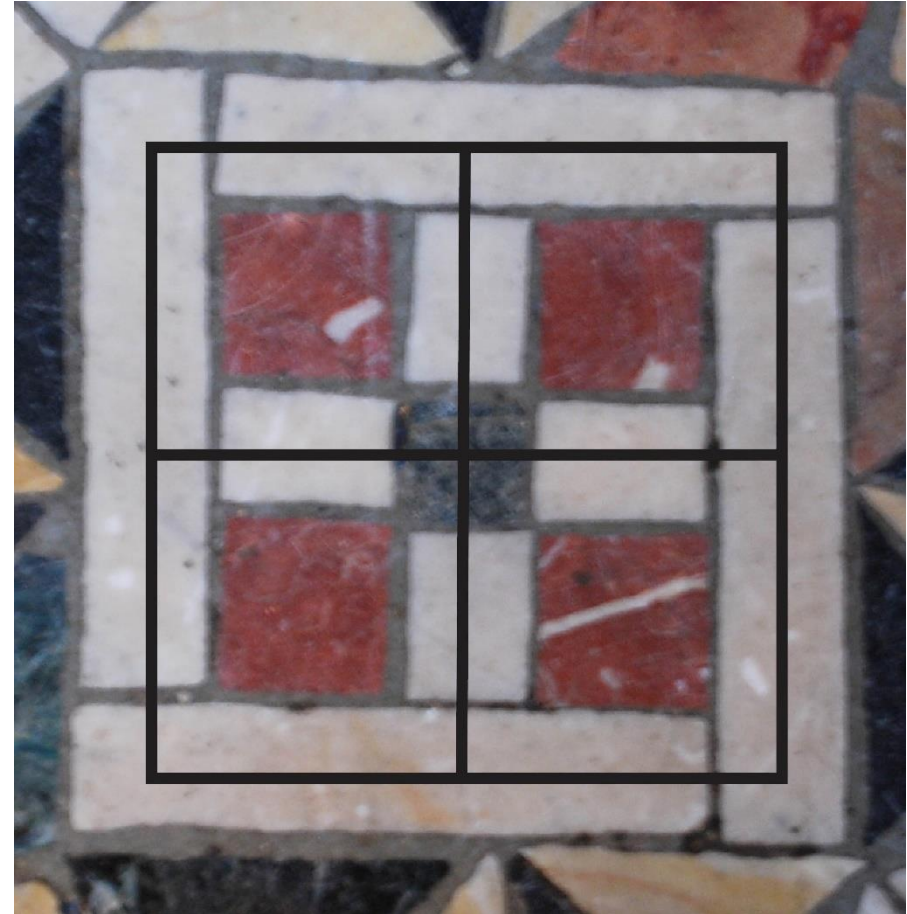

Four small squares make one big square.

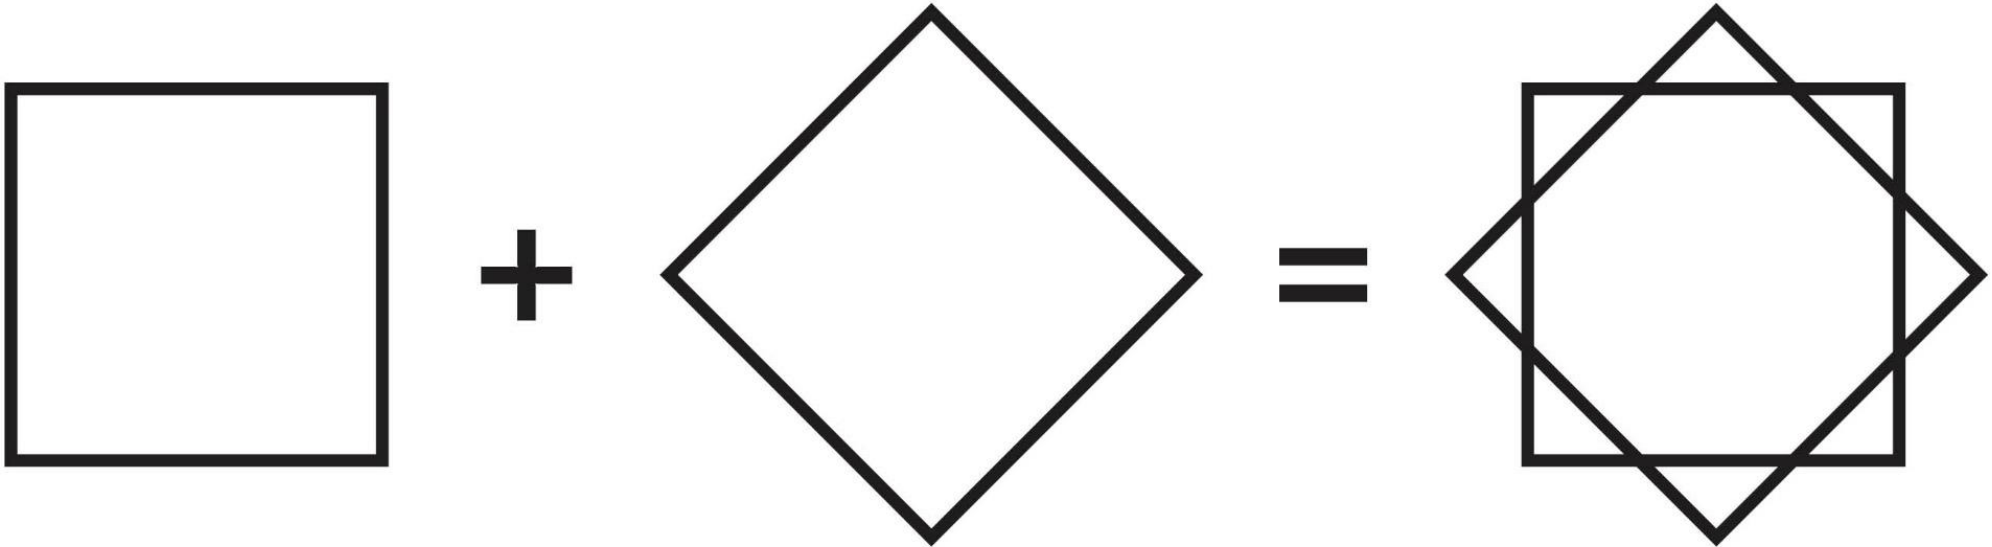

Four small squares make  
one big square.

Different shaped pieces  
make a mosaic.

Squares can make star shapes.

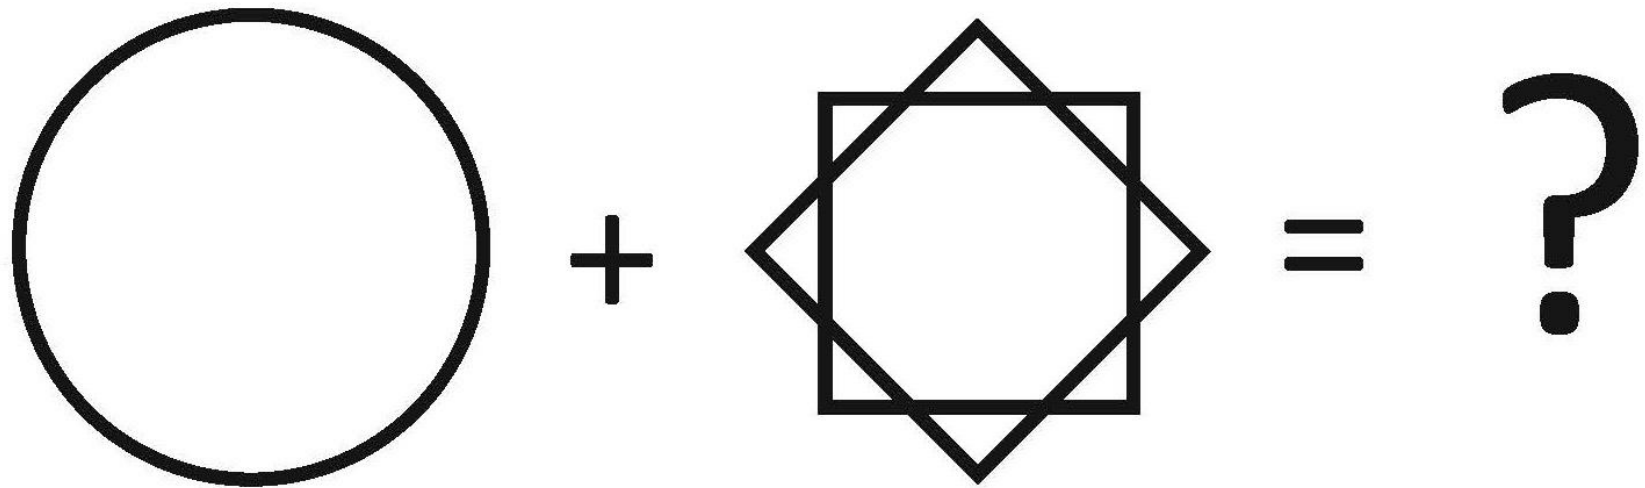

Some parts of the Capitol are circle shapes.

Some floor mosaics are circles.

Circle + star = ?

# Circle in floor mosaic

# Star in floor mosaic

Circle plus star plus more squares

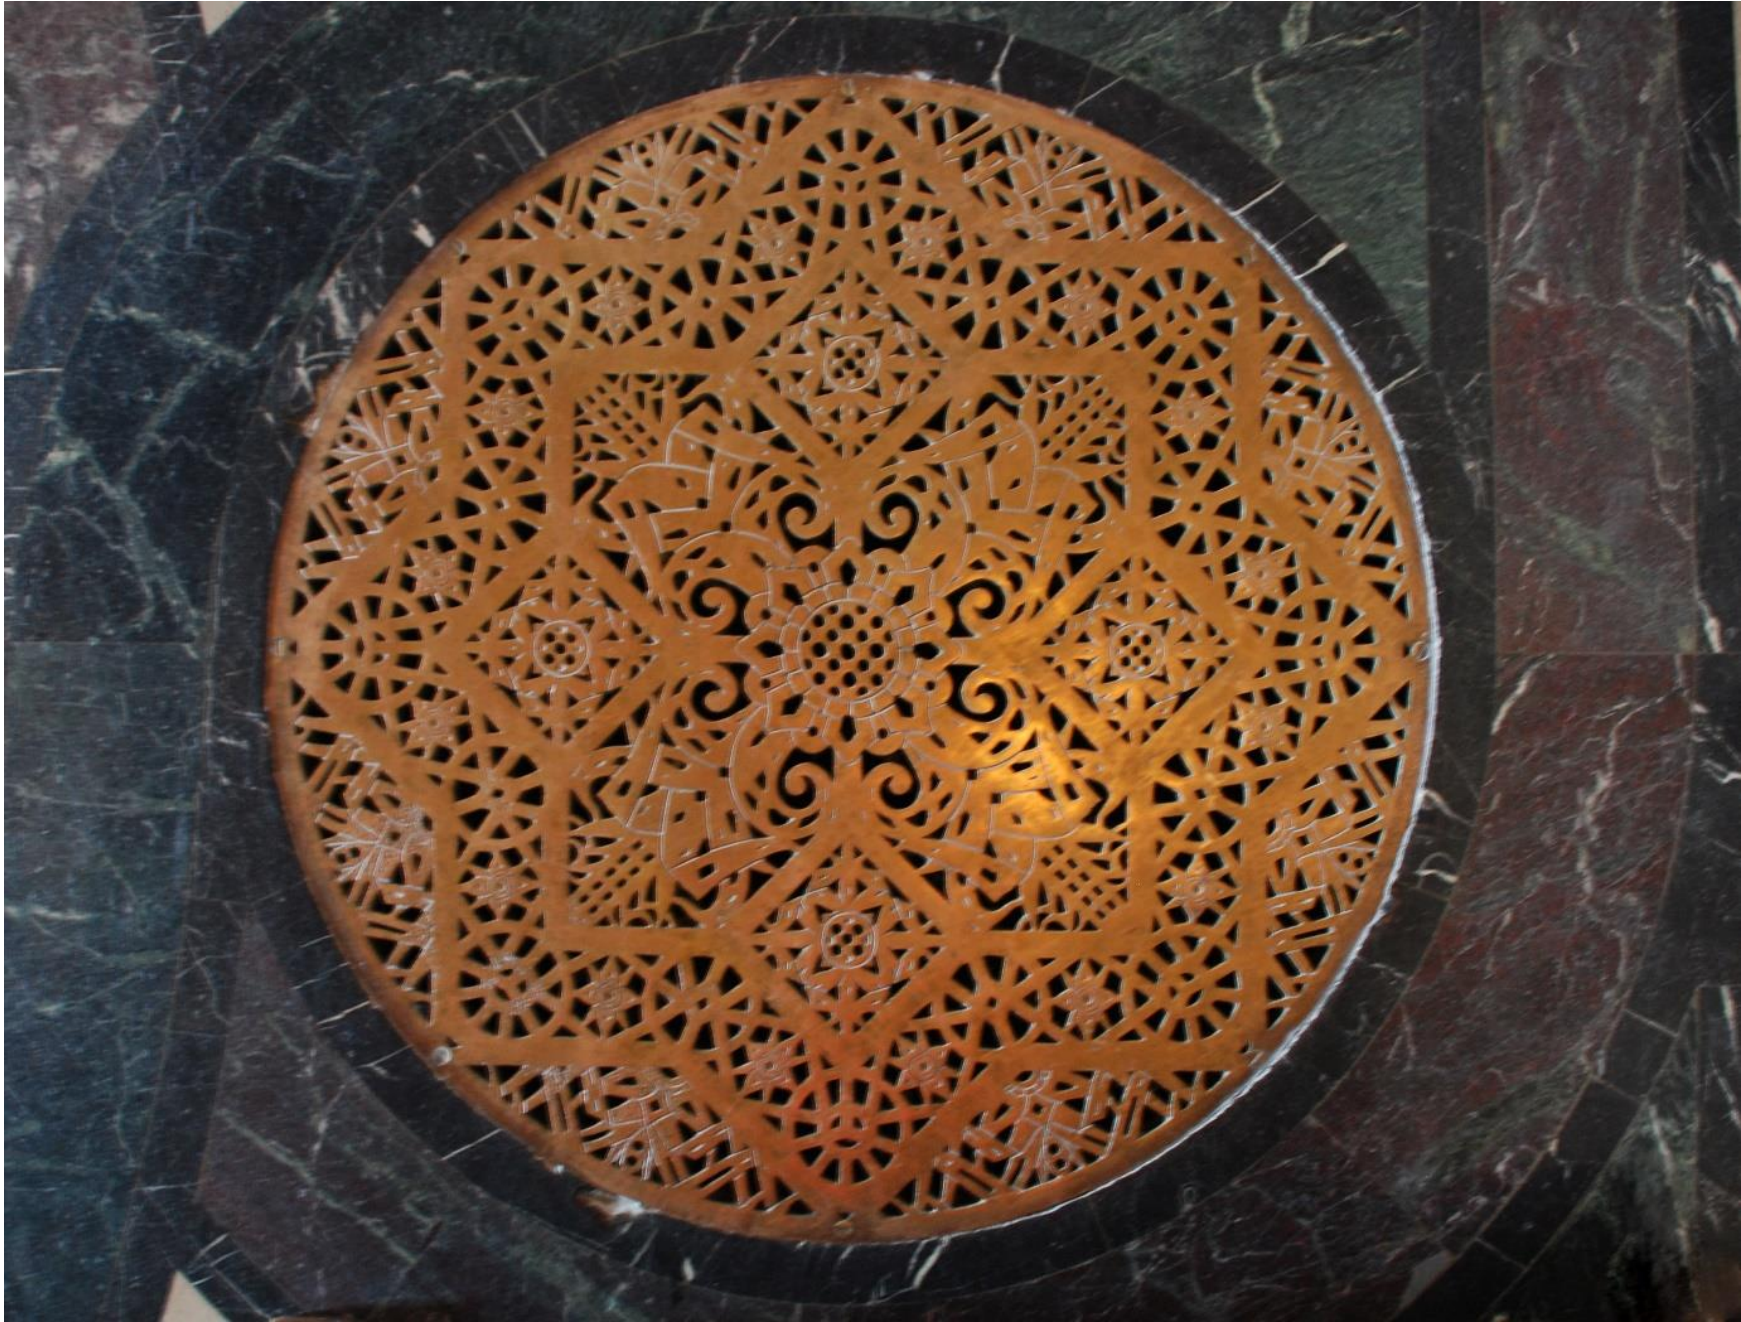

The circle, square and star are the basic shapes for the design of a heat vent in the Capitol. This use of art made an every day item beautiful.

Many shapes – circles, squares and stars – are used to make mosaics in the floor of the Capitol. The artist used simple shapes to make pretty designs.
